Diana and Pat,

My recommendation is to take Brian up on his offer and have at least the two of you on the call (Karl optional). It does help to have two sets of ears listening.

I don't need to be at the meeting but would like to know what the broad issues are.

Thanks,

Adriane

Diana, Pat:

I've drafted comment letters for both the Kaiser and Spokane RPWRF draft permits. The comment letters address the topics we discussed verbally a couple of weeks ago, as well as some additional things I noticed in my review of the draft documents.

The comments have been reviewed at the staff level. Before I send them to my supervisor for signature, I was wondering if you wanted to have another meeting to discuss the comments we plan to send. Let me know.

Thank you,

Brian Nickel, E.I.T. (he/him)
